As part of Mois de la Photo in Paris, my new work
Moments Reflected
will be exhibited at
Galerie des Nouvelles Images, Hôtel Scribe
1, Rue Scribe, 75009 Paris

The exhibition will be shown from October 25. until December 2. 2014

Vernissage will take place on November 5.

In her foreword to the catalogue, Laura Serani writes:

"In this poetic universe, like in a dream, the past and the present are continuously mixed. Through fog and dim light the traces of other lives occur: memories and familiar objects appear from unknown places, hotel rooms without memories, bodies, objects of desire, that through a closed door brings out new stories over and over again."
